

## Sonora HD H.264 Encoder/Decoder

- ► Affordable streaming encoder/decoder based on one of the most trusted names in silicon: the Intel® Atom™ media processor
- ► Simple HDMI input for streaming online or point to point, recording to USB and automatic uploading
- ► Ideally suited for AV installations including classrooms, corporate settings, sports, and houses of worship

# videon

#### The best value.

You don't have to pay exorbitant prices to get a professional-grade product.

- ► Supports multiple streaming formats including RTMP, unicast and multicast (point to point).
- Streams can be distributed live, recorded to USB, and uploaded online simultaneously.
- Accepts resolutions up to 1080p30, giving you high definition H.264 video encode for HDMI inputs.
- Easy to use, with a web UI and straightforward setup process.

Videon has unique partnerships that give you access to the best silicon technology. Usually reserved for only the biggest consumer electronics OEMs, the Intel® Atom™ CE5300 is a high-quality Dual Core 1.2GHz media processor. With Intel, you know you're getting a quality product.

### Across a range of AV markets.

Designed specifically for applications where affordability is important, this product fits into a variety of AV workflows. Perfect for classrooms, houses of worship, sports and other installations where you need a full-featured, reliable product without spending a lot.

#### Sonora HD H.264 Encoder/Decoder

- ► Easily stream AV over IP for houses of worship, live events, sports and education.
- ▶ Flexible data paths move content from any source to any screen.
- ▶ Based on Intel® Atom™ CE5300 media processor.

#### **Product Specifications**

#### **Video Encoding/Decoding**

- ► Dual Core 1.2GHz Intel® Atom™ Processor
- ► Input Resolutions
  - 1080p30, p60 conv. to p30, p59.94 conv. to p29.97, p30, p29.97, p25, i60, i59.94, i50; **720**p60, p59.94, p50
- ► Output Resolutions
  - 1080p60, p59.94, p50, p30, p29.97, p24, p23.98, i60, i59.94, i50, ; 720p60, p59.94, p50; 576p50, i50; 480p59.94, i59.94
- ► Compression: H.264, Baseline, Main, High
- ▶ Bit rates: 250kbps-20Mbps; Rate control: VBR, CBR
- ► Transcode (e.g. 1080p60 input to 720p60 scaled output); limit 30 frames per second
- ► Encode latency ~1sec; Decode latency ~250ms

#### **Audio Encoding/Decoding**

- ► Encode: MPEG-4 AAC-LC in ADTS 64-320kbps; Decode: MPEG-1- Layer 2, MPEG-2/MPEG-4 AAC in ADTS/LOAS
- ▶ Encode Sampling Freq: 32, 44.1, 48KHz; Decode: 48 KHz

#### 1/0

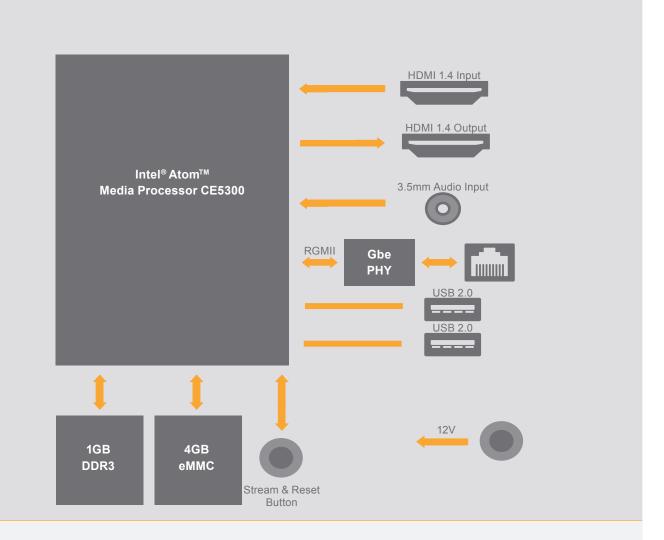

- ▶ Video: HDMI v1.4a input and output
- ► 2 USB 2.0 connectors
- ► Audio embedded in HDMI
- ▶ 3.5mm Analog Audio input
- ► 10/100/1000 Ethernet (RJ-45)

#### **Streaming Capabilities**

- ► Unicast and Multicast
  - RTP over UDP, Raw UDP
  - | Up to 2x Unicast and 1x Multicast simultaneous channel output
- ▶ RTMP: Wowza<sup>™</sup>, UStream, YouTube Live, EvoStream, DaCast

#### **Network and Control**

- ► REST API integrates with third-party controllers and applications
- ► Full-featured web browser based UI
  - | Designed for tablets and desktops
  - | Encoder and decoder configuration for unicast, multicast and RTMP
- ► DHCP (Default) / Static IP Address
- ► Command and Control: HTTP
- Auto-detect and discover other Videon encoder and decoder units on subnet, including:
  - | Greylock HD H.264 Encoder/Decoder
  - | Washington HD H.264 Decoder
  - | And other Sonora units
  - Block Diagram and Ordering Information

#### General

- ▶ +12V Input; under 15 Watts total
- ▶ Dimensions: 1.75" x 6.54" x 6.2"
- ► Action Button to start/stop RTMP encoding and for Factory Reset

#### **Applications**

- ▶ IP Encoder for Streaming Events / Houses of Worship
- ► Lecture Capture Encoder
- ► Digital Signage Appliance

#### **Customer Care Promise**

Videon has outstanding products, but we're about more than technology. Our Customer Care team promises:

- | Connection with a dedicated account representative
- | Quick turnaround for technical support inquiries
- Operational excellence to ensure that customer service is our best product
